

*From a Colleague in the Light Realms:*

"It is obvious, is it not, that the chaos and destruction are escalating, and that all that is in alignment with goodness and mercy, joy, and peace are at risk? Many are asking in their hearts, "How much longer can this go on? How much longer can the violence, hatred, fear, and greed continue to grow and affect all of life upon the planet?" This violence, this greed, this anger, this fear can have no part in the New World where Love, joy, peace, honor, and respect for all of life will be the foundation for all of those who choose Love.

All of the terror, violence, damage, and destruction experienced on so many fronts and in so many ways upon the Earth does serve many purposes. It inspires those who choose Love to come together for the good of the planet and the good of all. It makes the choice for Love much more obvious and much more desired and sought after. It makes for clarity within the hearts of those who are literally sick and tired of a reality where darkness rules. It brings the desire for connection with the Creator and all that is goodness and light to the forefront. It makes it apparent that a joyful, peaceful life based on Love is longed for and worth coming together for in community and purpose.

The heinous acts of violence can no longer be ignored. The pain of living in a world which is run by the forces of greed and illusion can no longer be accepted. Darkness serves the Light. It acts as the inspiration for and the catalyst to choose Love and Light. It encourages one to go into their heart, to the center of Love, to

the heart of the Creator which is truly the core from which all of life is created.

Hang onto your hats. For more challenge for all of life upon Mother Earth lies ahead as the chaos and destruction reach a point where no one can deny the need to make a choice between continuing to live in the darkness which is pervading all of life upon the Earth, or choosing Love as the foundation for a New World. This New World is being created by those of you who choose to act and live in Love rather than accept living upon a planet ruled by violence, fear, greed, and the illusion that anything worthwhile or desired is created by choosing the darkness."
